CAUGHT FISH BY CAR LOAD

MARSHAL SCHAD, FIRE CHIEF
BICKER AND ALLIE RIERA
MADE NEW RECORD
YESTERDAY.

Marshal Schad, Chief Bicker, of the fire department, and Allie Riera celebrated Thanksgiving by coaxing a large number of sheephead out of the briny deep from the coal dock at the Navy Yard. According to their story they caught so many fish that it was only with the greatest difficulty enough conveyances could be secured to carry them to the dummy line station, where two cars were chartered to bring them to the city—and it wasn't a very good day for fishing, either.

Marshal Schad said last night that if he had had the proper kind of tackle and bait, the party could have captured a car load or more of trout, as they were particularly thick in the vicinity of the Navy Yard yesterday. Incidentally it should be stated that none of the sheephead captured weighed less than five or six pounds, some of them being as large as the tarpon that fisherman Pearl drags out whenever he gets in a fishing humor.

PLAGUE RAGING IN YOKOHAMA

NO MORE CLEAN BILLS OF
HEALTH UNTIL SCOURGE
IS WIPED OUT.

By Associated Press.
Seattle, Wash., Nov. 30.—Bubonic plague is raging in Yokohama, according to officers of the steamship Dakota, and possibly no more vessels will be given clean bills of health until the scourge is wiped out. Four deaths had resulted from this disease before the steamer Dakota sailed and many reports of sickness were received. William M. Lopp, surgeon on the steamer, stated that few if any more vessels will be allowed to leave Yokohama.

The Japanese authorities are taking every precaution to prevent the spread of the dread disease, said Dr. Lopp, "but in spite of all they can do many deaths will result." There is little doubt but that the city will be quarantined. In fact it is the only way to stamp it out. The Japanese physicians are among the finest in the world. They go into everything thoroughly and take elaborate precautions to prevent the contagion from spreading.

WINTER PROGRAM OF THE FLEET

REAR ADMIRAL EVANS WILL CON-
FER WITH CONVERSE RELA-
TIVE TO ANNUAL DRILL.

By Associated Press.
Washington, Nov. 30.—Rear Admiral Robley D. Evans, commanding chief of the North Atlantic fleet, is in Washington on a few days leave to spend Thanksgiving day at home. While here, the admiral will confer with Rear Admiral Converse, chief of the bureau of navigation, about the program for the winter drills of the North Atlantic fleet in January. A marked decrease has occurred in the number of desertions in the North Atlantic fleet. Less than 100 men from the entire shore leave in New York deserted during the visit of Prince Louis and many of these have since returned.

MANY CATHOLICS EXCOMMUNICATED

By Associated Press.
Omaha, Neb., Nov. 30.—Right Rev. Bishop Richard Scannell, of the Nebraska diocese of the Catholic church has declared excommunicated "Ipso facto," all members of the Catholic church who participated in the wedding of Congressman Kennedy and Miss Pritchett on last Monday. There were a number of prominent Catholics present including Mrs. Edward Cuddey, wife of the packing house magnate, and Miss Mae Hamilton, whose individual fortune is rated at over a million, who was one of the bridesmaids. Congressman Kennedy has a divorced wife living and for that reason the bishop issued last Sunday, a pastoral forbidding all Catholics to participate in the ceremony.

No Chinks for Hawaii.
Honolulu, Nov. 30.—A. C. L. Atkinson, secretary of the territory of Hawaii, now in Washington, says that under the ruling made by President Roosevelt, Commissioner General of Immigration Sargent will allow the territory of Hawaii to import assisted immigrants except Chinese. This ruling will result in the organization of a territorial board of immigration.

**Mothers! Retain
Your Youthful
Figures.**

There is beauty in being young. If there lives the woman who is indifferent to this she is yet to be heard of. Yet from time immemorial society has recognized what they thought to be a detriment in the way of such a realization. The bearing of children has meant to them the marring of physical beauty of figure, without which beauty of face would be of little account. Nothing could be more remote from truth than this; childbearing purely a natural phenomenon, accompanied by pain, to be sure, but if properly managed no more harmful in its effects upon the human form than any other natural function.

MOTHER'S FRIEND

Is essential in the proper management of every case of labor; it relaxes and softens the abdominal muscles, thereby enabling them to sustain the stretching that they must undergo, and from this very fact it facilitates their return to normal proportions after childbirth, and it is a fact that pain must be greatly lessened from this very reason.

It is a balsam, it is harmless, it is potent, it is priceless in its results, it is Mother's Friend, \$1.00 per bottle at drug stores. Our book of priceless value sent free to all women.

THE QUARRELS OF VENEZUELA

TROUBLE EXPECTED IN NEAR FUTURE BETWEEN THAT COUNTRY AND NETHERLANDS.

By Associated Press.
Washington, Nov. 30.—The acute situation between France and Venezuela has for some time past distracted attention from the quarrels which the Venezuelan government already had on hand with her neighbors. Some diplomats here familiar with conditions in that part of South America feel that in the near future trouble may be expected between the Netherlands and Venezuela. The chief complaint of the Netherlands government is the way in which the Venezuelan custom house officers exercise their right of search. It is alleged that many times without due cause, the customs officers bring Dutch ships to their ports and keep the crew practically prisoners. The Venezuelan government on its side has made several complaints about the smuggling trade which is kept up from Curacao into the harbors of Venezuela and which consists chiefly of firearms.

From both sides protests have been made and the Dutch demands have never been fully answered.

The Dutch newspapers have begun to insist upon more vigorous action by their government.

BIG DRUG STEAL IN NEW YORK CITY

By Associated Press.
New York, Nov. 30.—Drugs worth from \$25,000 to \$50,000 have been stolen from wholesale chemists in New York during the last few months, according to detectives who arrested two men on the confession of a third. From Joseph Hogan a confession is alleged to have been obtained. Detectives have been after drug thieves for several months. An immense amount of stolen drug property has been disposed of, so they declare, to retail druggists.

PLENTY OF ROOM FOR ALL COMERS

By Associated Press.
New York, Nov. 30.—Mayor McClellan said in the course of his address at the celebration of the two hundred and fiftieth anniversary of Jewish settlement in the United States, that he did not share the fear of those who feel that if the enormous immigration of non-English-speaking people is continued, it will menace the institutions of this country. The United States, he declared, needs a vastly greater population and can easily support half a billion people if they are properly distributed.

JEWELS FOUND ON PICKPOCKET

By Associated Press.
Buffalo, N. Y., Nov. 30.—Jewels worth from \$3,000 to \$4,000 were found on an alleged pickpocket by detectives here yesterday. The prisoner gave the name of "Walter Dixon," and boasted that he was well known to the police of the west. The jewelry found on him was stolen from the home of former Mayor White, of Woodstock, Ont., on Tuesday.

Martial Law Rescinded.
Tokio, Nov. 30.—The rescinding of martial law and the restrictions placed upon the liberties of the press, has been passed by the privy council and will be promulgated within a few days.

PANTS AND VESTS.

The Difference Between Them and Trousers and Waistcoats.
Why do the trade journals ignore the word "pants," and what is the difference between "trousers" and "trousers" and between "vest" and "waistcoat"? asks a correspondent of the *Clothier and Furnisher*.

"Pants" is an abbreviation of "pantalons," a word foliated upon us by the French, though possibly derived from the Italian "pantaleone," which, according to the poet Byron, has an ill defined connection with the lion of St. Mark's, in Venice. "Trousers" is old English modernized into "trousers," which is the proper spelling. "Vest" is an abbreviation of "vestment." Another poet, Oliver Wendell Holmes, traces it to Landoners in his line which says:

The dangerous waistcoat, called by cockneys "vest."
Gentle usage declares "pants" to be vulgar, though it and "pantalons" and "vest" have their place in trade and receive recognition. We end the matter with another quotation from Holmes:

The thing named "pants" in certain documents.
A word not made for gentlemen, but "gentle."

Early Bargain Sales.
There were bargain sales even when this country was in its early youth. But most of the bargains offered were choice lots of slaves to be disposed of at the old slave mart that stood at the foot of Wall street. In the *New York Gazette* of Dec. 24, 1767, one of the large slave holders makes this announcement:

German Slaves For Sale.—To be disposed of, three German servants, one a baker by trade, one a butcher and the other a laborer. They are industrious, good men, whose honesty has been tried, and they may be had on reasonable terms. Inquire of the printer hereof.

FLOMATON

Special to The Journal.

Floamat, Nov. 30.—Floamat is still adorning herself and making the surroundings especially attractive and beautiful, near the junction.

A brick store of considerable pretension is growing apace and ere long will be finally equipped for the sale of drugs. It will be run by the Bryan Bros. of Georgiana, whose politeness and close attention to business, are established facts.

Mr. Ellis McCurdy, of Camp 9 was up on business a few days since.

The friends of Mrs. H. Mitchell of Century, sympathize with her in the illness of her little girl Millie.

Mrs. Dean, a rather reckless driver, was painfully bruised, her spirits ruffled and her beauty slightly damaged by an unpleasant experience with a runaway horse while taking a drive with Mrs. Lunny.

A birthday party is to be given at Bluff Springs by the faculty of the school, for the benefit of the library.

Mr. George Guist gave Miss Finlay of Pollard, a pleasant drive, to visit Miss Anna Drury Sunday.

Mrs. M. L. Faurer went to Pollard Friday, and organized a music class.

Mrs. L. McCurdy visited Mr. McCurdy at camp 9 on Saturday last.

Mrs. Hillary Hubbard has returned from a visit to friends at Greenville.

A very shocking attempt was made here Friday night to interfere with the dancers at Drury hall. Visitors from Century came over to enjoy a pleasant evening. While quietly resting after one of the sets, a shot was fired from a gun breaking a window and shattering glass over a young lady, who up to Monday was unconscious in combing the small slivers of glass from her very abundant locks.

Why anyone should have committed such an atrocity is a mystery yet unraveled, but after the shocking the parties are said to have been seen and identified while making an undignified retreat. The most charitable construction put upon the motive may be, called religious fanaticism—certainly it is to be hoped, not murderous intent.

ANOTHER GERM DESTROYER.

Herpicide is Death to Dandruff Germs.
The germ burrows into the scalp, throwing up the cuticle in thin scales called dandruff, or scurf, and digging at the root of the hair where it saps the hair's vitality. First comes brittle hair, then lusterless and dead-like hair, then falling hair, and, finally baldness. Nine-tenths of the hair troubles are caused by dandruff. Without dandruff, hair will grow luxuriantly as nature intended. "Herpicide" kills the dandruff germ leaving the hair to grow unhampered, as it does with the American red man. For sale by W. A. D'Alemberte, druggist and apothecary, 121 South Palafox street, or send 10c in stamps for sample, to The Herpicide Co., Detroit, Mich.
